

Computer Club Membership Application

Computer Club is a student-run organization with the goals of increasing awareness of the latest technological developments and careers, providing a creative and innovative environment for students to explore their areas of interest, and enhancing student knowledge through a forum of questions and answers. Computer Club meets from 4 to 5 every Friday after school in Ms. Norris' room (SC4).

This year in Computer Club, we will occasionally have a student or adult guest speaking on a technology related topic followed by student exploration of the topic. We will also have groups led by experienced students focusing on specific technology related topics and creating long-term projects. Members will have the opportunity to join these groups and learn more about whatever topic they choose.

The cost to join Computer Club is \$5. In addition, teenagers tend to get hungry at 4 pm on Fridays. Members that wish to join will be required to bring food and drink so that we have snacks each week. Please bring the items listed below along with your dues to the next meeting you attend. Generally, we only ask members to bring in snacks at the beginning of the year. However, if needed we will communicate when additional snacks need to be brought in. Please bring:

- A case (24 or more) of *individually* bottled/package drinks (water, juice, tea, etc.)
- 1 large box/package of *individually* wrapped snacks (chips, cookies, fruit snacks, granola bars, rice krispy treats, etc.)

Please do not bring perishables, and as always: **no peanuts, tree nuts, or seafood.**

Email and discord will be the primary forms of communication this year. Please ask an officer about the join link if needed.

Parents - we are in need of volunteers to help oversee computer club during the school year. Please contact email Ms. Norris if you are interested. lnorris@henrico.k12.va.us

I agree that I will come to Computer Club, ready to learn and with a good attitude, and will respect all speakers, adults, officers, and fellow students.
